New Americans in Lancaster

A Snapshot of the Demographic and Economic Contributions of Immigrants in the County

Population Growth

Between 2009 and 2014, the foreign-born population grew by 2,154 people.

The share of the total population that was foreign-born in the area increased from 4.2% to 4.4%, a total of 23,094 residents.

Growth in the foreign-born population accounted for 8% of overall population growth for Lancaster during this period.

As a result of the new immigrants who came between 2000 and 2014, 1,993 U.S.-born residents were attracted to the county.
In 2014, given their income, foreign-born residents contributed greatly to federal, state, and local taxes, including property, income, sales, and excise taxes levied by either the State of Pennsylvania or by municipal governments.

- $52.5M — State and local tax contributions\(^3\)
- $103.3M — Federal tax contributions\(^4\)

Leaving them with more than $440.5M in remaining spending power.

This constituted 4.3% of the metro area’s total spending power.\(^5\)

In 2014, foreign-born residents contributed $1.3B to the GDP of Lancaster County.\(^6\)

Foreign-born residents also support federal social programs. That same year, immigrants in the area contributed more than $62.8M to Social Security and almost $16.4M to Medicare.

**HOUSING WEALTH**

Between 2000 and 2014, immigration to Lancaster County increased the total housing value in the county by $178.2M.

Looking at just the period after the Great Recession, 2009 to 2014, immigrants raised the total housing value in the county by $52.0M.\(^7\)

**LABOR FORCE**

In fact, immigrants are overrepresented in key industries in Lancaster County, including:

- Recreation & Accommodation: 9.2%
- Manufacturing: 8.2%
- Health Care and Social Assistance: 6.0%
- General Services\(^8\): 4.7%
- Financial & Real Estate\(^8\): 4.6%

Because of the role immigrants play in the workforce helping companies keep jobs on U.S. soil, we estimate that the immigrants living in Lancaster in 2014 helped create or preserve 1,062 local manufacturing jobs that would have vanished or moved elsewhere.\(^10\)
ENTREPRENEURSHIP

1,081 immigrants in Lancaster County are self-employed.

Their businesses generated $37.7M in business income in 2014.\textsuperscript{11}

4.6% of the self-employed population is foreign-born, more than their share of the population at 4.4%.
