QUESTION 12:
Thinking some more about immigration reform, some members of Congress have proposed a plan for immigration reform that would include BOTH improved border security and enforcement, as well as a way for the undocumented immigrants who are already in this country to stay in this country, IF they pay penalties, pay back taxes, and learn English. Would you favor or oppose this plan?

QUESTION 13:
Continuing to think about undocumented immigrants, which ONE of the following statements regarding undocumented immigrants do you MOST agree with?

Because the 11 million undocumented immigrant workers in this country have already broken the law, they should be deported to their home country.

Undocumented immigrant workers in this country who are already a part of their community and the economy and who pay penalties, pay back taxes, and learn English should be eligible for some type of legal status but NOT U.S. Citizenship.

...OR...

Undocumented immigrant workers in this country who pay penalties, pay back taxes, and learn English should be eligible for U.S. Citizenship.
