Thinking about where the candidates for president stand on the issues, how important are each of the following issues to you personally? **(Randomize)**

(For first one, and until respondent gets it, read issue and ask) Considering all the issues, is this one you consider to be critically important, among those that are important, or not among the important ones to you personally?

	Critically Important 1	Among important 2	Not among important 3
9. abortion			
10. gay rights			
11. education			
12. jobs and the economy			
13. immigration			
14. taxes and government spending			
15. foreign policy and national security			
16. health care			
17. climate change			

Now I'd like to read the same list of issues. Could you disagree with a candidate for president on this issue and still considering voting for him or her?

	Yes, Could disagree 1	No, Could NOT disagree 2	Unsure 3
18. abortion			
19. gay rights			
20. education			
21. jobs and the economy			
22. immigration			
23. taxes and government spending			

- | | | | |
|--|---------------------|------------------------|--------|
| | Yes, Could disagree | No, Could NOT disagree | Unsure |
| | 1 | 2 | 3 |
24. foreign policy and national security
25. health care
26. climate change

Now let me ask you some questions specifically about immigration.

27. Would you be more likely or less likely to vote for a candidate whom you viewed as anti-immigration? If (more/less) likely ask: Much (more/less) likely or somewhat (more/less) likely?
- 1 Much more likely
 - 2 Somewhat more likely
 - 3 Somewhat less likely
 - 4 Much less likely
 - 5 (do not read) Don't Know
28. Now, thinking about LEGAL, as opposed to ILLEGAL, immigration...Do you think we should: **(rotate)**
- 1 put new restrictions on legal immigration to this country
 - 2 continue current U.S. policy and not put new restrictions on legal immigration to this country
 - 3 (do not read) Don't Know
29. Which comes closest to your own view about undocumented immigrants living in the U.S. **(rotate 1-3 top to bottom, bottom to top)**
- 1 They should be allowed to stay in the U.S. and, after meeting requirements like a background check and paying fines, they should eventually be allowed to apply for citizenship.
 - 2 They should be allowed to stay in the U.S. and, after meeting requirements like a background check and paying fines, they should eventually be allowed to stay in the U.S. legally, but not be eligible for citizenship.
 - 3 They should be required to leave the U.S.
 - 4 (Do not read) unsure

Now, I'd like to read some things the candidates for president have said about illegal immigration and, for each, tell me if this make you MORE likely to vote for them, LESS likely to vote for them or if you feel neutral – neither more or less likely. If (more/less) likely ask: Much (more/less) likely or just somewhat (more/less) likely:

- | | | | | | | |
|--|------|------|------|------|---------|-------|
| | Much | Smwt | Smwt | Much | | Don't |
| | More | More | Less | Less | Neutral | Know |
| | 1 | 2 | 3 | 4 | 5 | 6 |
30. We should secure the border and also give the 11 million undocumented immigrants in our country a path to legal status short of citizenship, where they work, don't receive government benefits, pay a fine, don't break the law, learn English, and make a contribution to our society. That's what we need to be focused on.

31. We should secure the border and also give the 11 million undocumented immigrants in our country a path to citizenship, after a period of 10 years during which they first work, don't receive government benefits, pay a fine, don't break the law, and learn English.
32. We should secure the border and send the 11 million illegal immigrants who are currently in the United States back to their own countries
33. Would you be more likely or less likely to vote for a candidate for president who changed his position on immigration from supporting some type of reform that would give legal status to many of the 11 million undocumented immigrants, to now just securing the border and opposing any type of reform? If (more/less) likely ask: Much (more/less) likely or somewhat (more/less) likely?
- 1 Much more likely
 - 2 Somewhat more likely
 - 3 Somewhat less likely
 - 4 Much less likely
 - 5 Don't know
34. I'd like to read you a comprehensive, multi-step approach to illegal immigration and have you tell me if you support or oppose this plan. **If (support/oppose):** Strongly or just somewhat?
- Current U.S. border security would be strengthened.
 Workplace employment verification would be brought online and made more accurate.
 Illegal immigrants would be required to pay fines, back taxes, learn English and American civics, be financially self-supporting, and pass criminal background checks, and if they do that, they would be permitted to obtain legal status.
- 1 Strongly support
 - 2 Somewhat support
 - 3 Somewhat oppose
 - 4 Strongly oppose
 - 5 Don't know/Unsure
35. Whatever your opinion, would you be willing to support a candidate for President who supports this multi-step approach to legal status?
- 1 Yes
 - 2 No
36. And if all the steps we just discussed were in place, would you support or oppose allowing the illegal immigrants who comply to eventually – after at least ten years - apply for U.S. citizenship? **If (support/oppose):** Strongly or just somewhat?
- 1 Strongly support
 - 2 Somewhat support
 - 3 Somewhat oppose
 - 4 Strongly oppose
 - 5 Don't know/Unsure

37. Whatever your opinion, would you be willing to support a candidate for President who supports this multi-step approach to eventual citizenship?
- 1 Yes
 - 2 No
38. Do you support or oppose President Obama's executive order that granted temporary legal status to an estimated four million illegal immigrants for the next three years and stops enforcement action against them? If (support/oppose): Strongly or just somewhat?
- 1 Strongly support
 - 2 Somewhat support
 - 3 Somewhat oppose
 - 4 Strongly oppose
 - 5 Don't know/Unsure
39. Would you be more likely or less likely to vote for a candidate for president who says undocumented immigrants should not be able to stay in the U.S. under any circumstances? If (more/less) likely ask: Much (more/less) or somewhat (more/less)?
- 1 Much more likely
 - 2 Somewhat more likely
 - 3 Somewhat less likely
 - 4 Much less likely
 - 5 (do not read) Don't know
